Our deepest fear is not that we are inadequate.

Our deepest fear is that we are powerful beyond measure.

It is our light, not our darkness that most frightens us.

We ask ourselves, Who am I to be brilliant, gorgeous, talented, fabulous?

Actually, who are you *not* to be?

You are a child of God. Your playing small does not serve the world.

There is nothing enlightened about shrinking so that other people won't feel insecure around you.

We are all meant to shine, as children do.

We were born to make manifest the glory of God that is within us.

It's not just in some of us; it's in everyone.

And as we let our own light shine, we unconsciously give other people permission to do the same.

As we are liberated from our own fear, our presence automatically liberates others.

Therapists: New **Employee List** and **EI contact List** have been posted on our website, dated 061610.

Everyone needs to check their caseload and notify Freta of any errors. These lists represent active caseloads; therefore, if you see a name of a child that has been discharged, Freta needs to be notified with a Change of Status form. If the list does not contain the name of a child you are seeing, notify Freta immediately.

Also, there has been some confusion about the patient contact lists and I continue to get request for phone numbers. Please remind everyone that the **Patient Contact List** at the top of the page is a listing of ALL current patients with phone numbers. The lists under "Our Patients" further down the page are divided by location and discipline with no phone numbers.
